

Landscape Architect/ Designer

Position Description

Mid-Level Designer with Advancement Potential – Houston TX

Experience Required: 3-5 years

Kudela & Weinheimer, L.P. is seeking a progressive designer with an understanding of construction methodology, a good knowledge of plant materials, and a dynamic, well rounded and confident design sense. This person knows how to manage projects, put together beautiful documentation and is just plain super talented.

At K&W, the pace is fast, the culture is collaborative and the projects vary from small-scale designs to large-scale master plans.

All candidates must have a Bachelor's Degree in Landscape Architecture from an accredited college. Candidates should have a firm foundation in computer applications (CAD , Adobe, SketchUp) and an extensive understanding of hardscape construction methods and presentation graphics. Candidates should have the ability to do professional design work on a self-directed basis including site analysis, site planning, master planning hardscape and planting design.

Company Information: At K&W, creativity is a mindset. We believe that there is a fresh solution to every problem and we are passionate about finding it. To do so requires staying on the cutting edge of our craft, keeping up with the availability of new materials, knowing and creating best practices in our field, and staying abreast of breaking styles and trends. Whether it is landscape architecture, site planning or urban design, we produce innovative work that is always imaginative and truly memorable.

K&W offers a half-day Friday schedule, and opportunities to grow professionally with the office and toward your personal goals. K&W strongly supports all employees to become licensed and gears studio experience toward achieving that goal

K&W's portfolio is both deep and broad. It includes high profile projects for resorts, multi- and single-family residential developments, office buildings, retail establishments, churches, educational facilities, hospitals and institutions. We boast a diverse portfolio, excellent referrals, and a high percentage of repeat business.

Salary: Commensurate with a competitive benefits package.

Education Requirements: Professional landscape degree required.
